

In the Specification:

At page 11, line 18, please replace the equation with the following, thereby replacing the “sub 1” on the p to the left of the equals sign with a “sub i ” and adding a left parenthesis just to the right of the equals sign:

$$p_i = (1/c)(1/i)^\alpha, i=1,2,\dots,D \qquad c = \sum_{i=1}^D (1/i)^\alpha$$

At page 12, line 24, please replace the equation with the following, thereby adding a subscripted “ i ” to the “ p ”:

$$A(R(M)) = 1 - \sum_{i=1}^D (1 - p_i)^{R(M)}$$

At page 13, line 5, please replace the equation with the following, thereby adding a subscripted “ i ” to the “ p ”:

$$T(N) = M + (N - M)(1 - A(R(M))) = M + (N - M) \sum_{i=1}^D (1 - p_i)^{R(M)}.$$
